## PROFILE

**We have a pleasure in submitting our profile for your local & International relocation needs.**

We are committed in providing a 'Executive Quality Move' – a move with a predetermined plan, a move providing value added services, a move without claims and complaints, a move guided by proper communication and documentation, in time services.

Whether you need an expert overseas moving service, Expert removals, Business relocation services or a home move within the UAE, Executive Relocations are the experts and can make sure that the whole process goes according to plan. With more than a decade of experience, we are always looking forward, using innovative thinking and delivering solutions tailored to the needs of both companies and individuals. We pride ourselves on offering up-to-date, reliable logistic services at home and abroad, using state-of-the-art technology, all at competitive prices.

With a workforce of around 36, mainly based in Dubai, we also work with partners in international moving companies across the world to offer a highly reliable and quick business and home moving service both in the UAE and abroad. We have a strong fleet of trucks and vans and carry out around 180 moves and shipments every month including 80 trade shipments, 50 domestic and business removals between the UAE and the rest of the world, 20 moves between the UAE and GCC countries and 30 moves within the Dubai.

### **Overseas Moving Service**

Our individually tailored overseas moving service can take all your business or household equipment across the world, while ensuring it all goes smoothly. We ship regularly to countries around the world including destinations in the UK, USA, Canada, South America, Australia, New Zealand, South East Asia and South Africa, as well as Turkey, Cyprus, Spain, the Canary Islands and many more destinations. Our international home moving service is also ideal for people who have been living abroad and are now moving to the UAE. Our well maintained facilities, equipments and materials have enabled us to become a professional moving company in U.A.E.

### **Removals**

Our removal service covers the whole of mainland GCC and ME countries, EU and beyond. We provide frequent services to countries including the UK, USA, Canada, Germany, Belgium and Italy, as well as Spain, Portugal, France.

**"Born out with a vision to provide world-class Relocation services"**

### **Excess Baggage Handling**

We offer a fast and reliable excess baggage shipping service around the world at a competitive price, serving more than 240 destinations. We carry small consignments via air express service, which is ideal for urgent items worldwide, as well as road express service for GCC and with sea freight as the preferred choice for larger shipments being taken further afield.

### **Commercial Shipping**

Our experienced experts in commercial shipping provide a full range of international moving services for both imports and exports, including full and part container loads and LCL. We can provide the wooden packing/industrial/machinery tools & equipments packing service as well as export & import cargo/shipping services.

### **IT, Laboratory and Office Moves**

We understand the importance of sticking to deadlines and to budget when moving IT installations, labs and offices,

whether they are moving to USA, Europe or any other international location or within the UAE. Our ability to deliver streamlined business removals is demonstrated by our experience, and we have a special “panic” package available for companies who may have overlooked organizing this part of their move until the last minute.

#### **Vehicle Moving**

We also offer a specialist vehicle shipping service, serving both companies and any individuals who are moving overseas and need car shipping. We are handling import and export of client vehicles. We also have car carrier service for GCC & ME and vehicle shipping service worldwide.

#### **Storage Facilities**

As specialists in business removals and storage, we offer secure short and long-term facilities of normal storage as well as climate controlled self storage within our depository. We can store items either as part of a removal or as a separate service, and provide a whole range of options for storage, from a single item through to a much larger consignment.

#### **Transporting Fine Art**

When fine art needs moving to any worldwide destinations, We offers a complete package, with staff who together have more than a decade of experience in this field. Whether the item to be transported is a single water colour or a large sculpture installation, our experts will pack the artwork carefully at your site and we will ensure it is carried carefully to its destination across the world, where it will be unpacked and installed by expert handlers.

**A professional & friendly packing crew under an experienced supervisor will be assigned to pack your shipment and our well trained shipping staff handles the same for your next destination.**
